

B09

1. How many students can be assigned to one mentor?
2. What are the forms of the summary report and the interview records? (e.g. Text, Docs or PDF)
3. Is this system primarily designed for desktop use, or does it need to be adapted for mobile devices to facilitate students' access at any time?
4. Does the system need to integrate with external calendars like Outlook or WeChat work, or will it be an internal calendar built from scratch?
5. What information does the system need to track? Is historical record tracking required? Is data export allowed? How long should the data be stored in the system?
6. What are the permissions for different roles (Administrator, MCP Coordinator, Teacher Advisor, Mentor, Student, and Support Staff) in the system?
7. Does the reservation category need to be changed according to the type of personnel?
8. Can a user have multiple roles at the same time? For example, can a teacher be both a mentor and an advisor?
